"This is an event where the offshore oil and gas industry's engineers and technical specialists, along with its business leaders and government, come together to share their views, knowledge and expertise. Such a gathering will have particular importance against the backdrop of the challenges presented by the prevailing global economic climate."

Malcolm Webb

2013 SPE Offshore Europe Chairman,
Executive Committee
Chief Executive,
Oil & Gas UK

SPE Offshore Europe conference and exhibition attracts a global audience of engineers, technical specialists, industry leaders and experts to share ideas and debate the issues of the moment in the upstream industry.

It is a multi-faceted event that reflects the E&P community's desire for continuous learning, showcasing the innovation, solutions and tools required to compete in an accelerating technology race in an increasingly complex business.

2011 Statistics

31,579* Unique attendees

48,114 Attendees across the 3 days

1,497* Participating companies

25,288* SQM Total exhibition space

90+ Countries represented

100+ Technical presentations

* Figures ABC audited

Deep Water Zone 2013

Deep Water E&P is playing an ever increasing role within the industry with more and more discoveries now being found within deep and ultra-deep water fields in areas such as Brasil, Gulf of Mexico and Sub-Saharan Africa.

“A simply fantastic event, bringing the world of oil & gas together”

Oceanscan Limited

The Deep Water Zone will return in 2013 to focus on the technologies, services and expertise required to work within this new frontier.

- Exhibition to display the latest products and services from the deepwater industry
- Deep Water feature to showcase the latest technologies and expertise
- Presentation stage to provide a learning area
- Targeted marketing campaign to draw key decision makers to the Deep Water Zone

Limited space available in the Deep Water Zone, contact Gareth Rapley, Sales Manager: gareth.rapley@reedexpo.co.uk, for booking information.

In association with

Sponsorship

Add value to your exhibitor package by selecting one of our high profile sponsorship opportunities. We've worked hard to create a selection of packages to meet a variety of budgets and match with your companies marketing goals.

Sponsorship opportunities available across the following areas:

You know what they say, 1st impressions count:

Exhibition visitor bags, registration package, outside signage

Help visitors navigate all 25,288 sqm:

Event ask me staff, info desk, floor stickers, directional signage

In the digital age, why not be on the cutting edge:

Comfort is king:

Catering outlets, drinks stations, toilets, seating areas

To learn more about any of the above packages or additional opportunities, contact Gareth Rapley, Sales Manager: gareth.rapley@reedexpo.co.uk

"It's a really good opportunity to see people from all over the world in one spot and it's good for business."

Cheryl Burgess

Director General,
Pipeline Industries Guild

The exhibition is made up of the upstream E&P community showcasing their technologies, services and expertise to enable oil to be explored and produced.

It sees the complete supply chain of companies participating including operators, drilling contractors and oilfield service companies.

"Aberdeen is particularly well situated and can trade right across the world from a deepwater, knowledge, and capability perspective."

Colin Welsh

CEO, Simmons and
Company International

1,497
participating companies

92%

of exhibitors were satisfied*
