GENERAL INSTRUCTIONS FOR CUTTING ALL REMNANTS:

1. Place webbing, paper side up, over wrong side of pattern. Trace shape and all lines of construction onto paper backing.

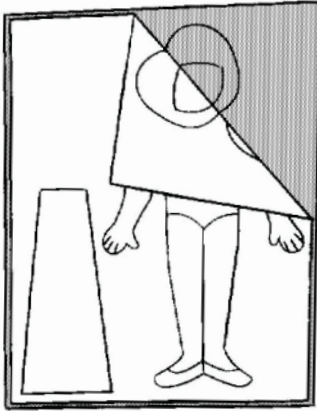

2. Fuse webbing to wrong side of each matching remnant section, following manufacturer's instructions. Note: Do not remove backing from webbing until ready to fuse in place.

3. Cut out sections. Set aside for use during construction.

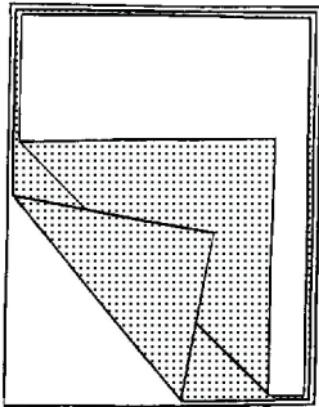

PAPER DOLL

1. For front, pin DOLL & STAND pattern to one fabric section. Transfer all lines of construction.

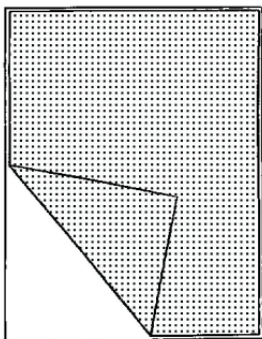

2. Fuse one Shade Backing to wrong side of each doll fabric section, following manufacturer's instructions.

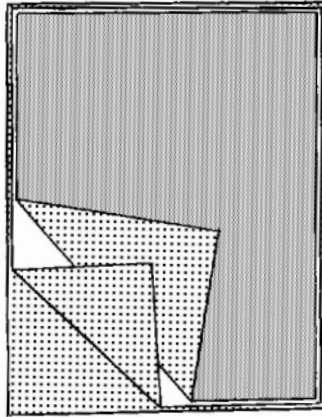

Fuse paper backed fusible webbing to opposite side of shade backing, following manufacturer's instructions.

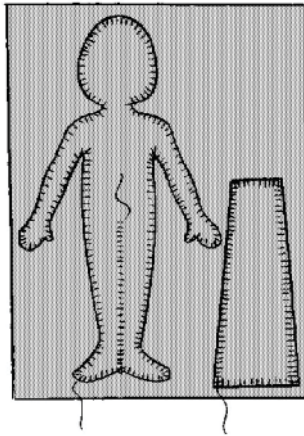

3. Fuse remaining shade backing section to one side of felt remnant.

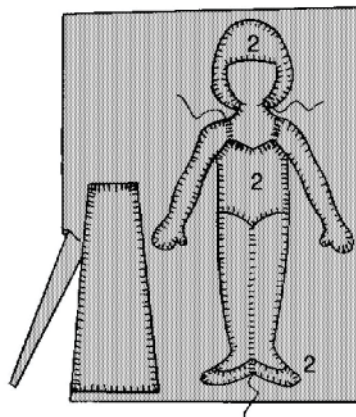

4. Remove paper backing from webbing. Fuse each front and back section to felt.

5. Stitch along outer edges of body and stand using a tight zig zag stitch. Zig zag along stitching line for legs.

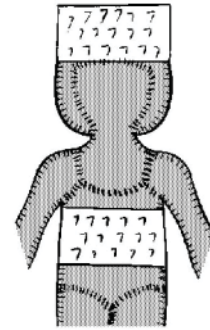

6. Center appliqué sections (hair, bodysuit and shoes) within placement lines on body; zig zag along outer edges and along stitching lines for straps. Cut stand and body close to stitching.

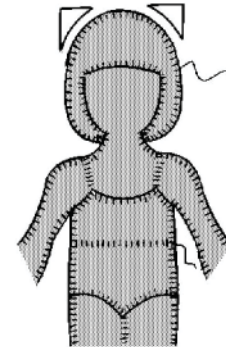

7. Cut two pieces of VELCRO[®], each 2½" (6.5cm) long.

8. On wrong side, center one stiff section of VELCRO[®] over stitching line on bodysuit and place remaining stiff section on head, as shown.

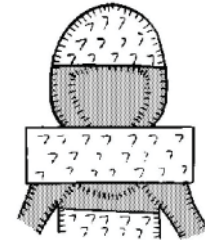

Designer Tip: If desired, add a small amount of craft glue to hold VELCRO[®] in place.

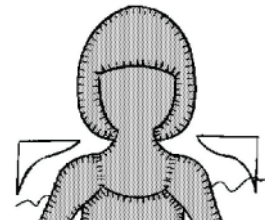

9. On outside, stitch close to edges of head and bodysuit. Zig zag along stitching line on bodysuit. Trim VELCRO[®] close to stitching.

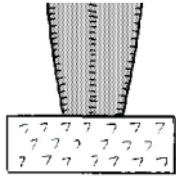

10. Cut one piece of VELCRO[®], 3½" (9cm) long. On wrong side, center stiff section of VELCRO[®] over shoulders and neck, as shown.
