

- Please check that this page is printing correctly. Printer options should be set to "none" and the ruler in the centre of this page, must match your ruler.
- Place your child's heel on the line at the bottom of the chart. Draw a line across that touches their longest toe.
- Before you choose your size, allow 1/8th to 1/3rd of an inch (1/2 to 1 cm) for growth room.
- (b) If your child wears a thick sock, please also take this into consideration.
