# Safety Precautions

Equipment tested for compliance as a complete unit

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Warning:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Caution:** Use of controls or adjustments or performance of procedures other than those specified may result in hazardous radiation exposure.

**Warning:** the AC adapter is used as disconnect device and it should remain readily operable during intended use.

In order to disconnect the mains plug from mains completely, the AC adaptor should be disconnected from the mains socket outlet completely.

## For Your Safety

The AC power plug is polarized and only fits into AC power outlets one way. If the plug won't go into the outlet completely, turn the plug over and try to insert it the other way. If it still won't fit, contact a qualified electrician to change the outlet, or use a different one. Do not attempt to bypass this safety feature.

## Service Information

This product should be serviced only by those specially trained in appropriate servicing techniques. For instructions on how to obtain service, refer to the warranty included in this guide.

# IMPORTANT SAFETY INSTRUCTIONS

## PLEASE READ AND SAVE THIS FOR FUTURE REFERENCE

Some of the following information may not apply to your particular product; however, as with any electronic product, precautions should be observed during handling and use.

- Read these instructions.
- Keep these instructions.
- Heed all warnings.
- Follow all instructions.
- Do not use this apparatus near water.
- Clean only with dry cloth.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.

### Charging the Battery

**Note:** In order to keep the battery working in best condition, please pay attention to the following:

- The included AC adapter is for use with this unit only. Do not use it with other equipment.
- Please do not charge the battery in high temperatures.
- Do not wait for the battery to be fully depleted before charging again. Keep the battery charged as needed.
- If tablet has not been used for a long period of time, the battery might be in over discharge protection mode and may take longer to charge.

### Prolong the Battery Life

Here are some tips for how to prolong the life of the battery:

- If you aren't using Wi-Fi, go to **Settings > WIRELESS & NETWORKS > Wi-Fi**, turn it off.
- Don't leave the Maps or Navigation apps open on the screen when you're not using them.
- Turn down screen brightness and set a shorter screen timeout: **Settings > DEVICE > Display**.
- If you don't need it, turn off automatic syncing for all apps: **Settings > ACCOUNTS > [Google account-name]**. This means you need to sync manually to collect messages, email, and other recent information, and won't receive notifications when updates occur.

## Micro-USB

---

Connect your tablet to a PC or a USB storage device with a USB cable (not included), to transfer music, pictures and other files in both directions.

**Note:** To change your tablet's USB connection options, you should go to **Settings > DEVICE > Storage**, and tap **Menu icon**  at the upper right corner. Then tap **USB computer connection** to enter to setup.

The tablet can be connected to a keyboard, a mouse or other input devices via a USB cable and use it just as you would connect with a PC.

## Headphone

---

Headphone can be connected to the tablet's Headphone port.

## Micro SD

---

Insert the micro SD card, with contacts facing the screen, into the tablet's Micro SD slot until it clicks.

To check the storage of the micro SD card, go to **Settings > DEVICE > Storage**.

Remove the micro SD card by pushing in on the card's edge. The card will pop out and can be removed.

### Notes:

- You can use microSD™ card and microSDHC™ card (up to 32GB, SD card not included).
- Never remove or insert micro SD card in On mode.
