

Easter

2 Easter

Jelly Bean

Dear ,

**I hope you have a “hoppy” Easter. You may be getting too old to hunt my Easter eggs!!! I hope not!**

**What a great year you had. You both continue to amaze your parents and teachers and seem to learn so many new things and you continue to help other people in many ways. Being generous, caring and kind are really important traits and you both have them all.**

**Leave me a carrot or some carrot cake. I get a little hungry on my travels around to all the children. It’s a real aerobic workout-- hiding these eggs all over the world. Keep up your stellar efforts. Even your grandparents notice the great things you do!**

***HAPPY EASTER!***  
***Your friend,***

## ***Eddie the Easter Bunny***
